Dear Sir or Madam,

Beats for Bella presents...

Bella of the Ball Gala on March 22, 2019 at The Marriott in Conshohocken, PA

The money raised from this event will support ongoing research for Congenital Heart Defects. 40,000 babies are born every year with a Congenital Heart Defect and continued research is essential as many are still losing their battle too soon. Congenital Heart Defects remain the #1 birth defect in the United States.

Considering the research being conducted at hospitals around the country we are very close to major breakthroughs in treatment for children and adults living with Congenital Heart Disease.

We invite you to be a part of this evening and our initiative to impact the world of congenital heart research. Whether you join us or support our cause through donations your generosity will help Beats for Bella make a difference.

Since the formation of Beats for Bella as a 501(c)3 in 2014 we have made donations in excess of \$119,000. 100% of the money raised through Beats for Bella is donated to Congenital Heart Defect Research and support of our CHD Community. Our organization is committed to finding a CURE for CHD, but we need your help. Over the past 4 years Beats for Bella has sought out research platforms where we can make the largest impact. Our goal over the next 5 years is to contribute an additional \$250,000 to fund research that will save the lives of children and adults living with Congenital Heart Disease.

Please fill out the enclosed form(s) and help Beats for Bella do our part in finding a CURE for Congenital Heart Disease. Please mail the completed form(s) and your donation to Beats for Bella at 23 Copper Beech Drive, Lafayette Hill, PA 19444.

Donations can also be made through our ticketing site at www.beatsforbella.com.

If you have any further questions please contact Erin at info@beatsforbella.com.

Sincerely,

Erin C Borkowski
